Halton Hills Hydro Update

Electricity/Distribution Rate Change

The new Regulated Price Plan (RPP) prices remain unchanged for the spring/summer dates May 1st, 2008 to October 31st, 2008. This amount is reflected on the "Electricity" line on the bill.

Standard Supply consumers (those not signed with a retailer) will pay:

- 5.0 cents per kilowatt hour (kWh) for energy used up to 600 kWh per month
- 5.9 cents per kWh above 600 kWh per month

The threshold for non-residential consumers who are eligible for the price plan stays at 750 kWh throughout the year.

SCHEDULE OF ELECTRICITY RATES

(Effective for electricity consumed after May 1, 2008)

Customer Class (Standard Supply Customer)	Residential	General Service <50kW	General Service 50kW to 999kW	General Service 1,000kW to 4,999kW	Sentinel Lights
Electricity Charges	\$0.050/kWh Balance \$0.059/kWh	\$0.050/kWh Balance \$0.059/kWh	Average or Hourly Spot Market Price/kWh	Hourly Spot Market Price/kWh	\$0.050/kWh Balance \$0.059/kWh
Delivery Charges					
Monthly Service Charge	\$13.16/month	\$28.41/month	\$81.05/month	\$185.99/month	\$1.88/month
Distribution Charge	\$0.01354/kWh	\$0.0106/kWh	\$4.0770/kWh	\$4.3777/kWh	\$7.5259/kWh
Transmission Network Charge	\$0.0038/kWh	\$0.0034/kWh	\$1.4872/kWh	\$1.4872/kWh	\$1.0614/kWh
Transmission Connection Charge	\$0.0036/kWh	\$0.0033/kWh	\$1.4295/kWh	\$1.4295/kWh	\$1.0291/kWh
Regulatory Charges					
Standard Supply Charge	\$0.25/month	\$0.25/month	\$0.25/month	\$0.25/month	\$0.25/month
Market Service Charge	\$0.0062/kWh	\$0.0062/kWh	\$0.0062/kWh	\$0.0062/kWh	\$0.0062/kWh
Debt Retirement Charge	\$0.007/kWh	\$0.007/kWh	\$0.007/kWh	\$0.007/kWh	\$0.007/kWh
Loss Factor	4.99%	4.99%	4.99%	4.99%	4.99%

Are you considering an Electricity Contract with a Retailer?

1. Know your rights when approached by sales agents at your home.

- Agents must identify themselves and show ID with their name, the company they represent and their license number.
- Agents must always leave you with their business card and, if you ask, a copy of materials presented at the door.
- You DO NOT need to show your bill until you are ready to sign a contract.
- Do not rush or feel pressured into making a decision. It is up to you how your electricity is supplied.
- If you do not sign, you are still supplied electricity by Halton Hills Hydro.

2. Read any contract and before agreeing to it, make sure you understand it.

3. Keep a paper trail.

4. Be informed.

5. Compare prices - electricity retailers must state the price and number of years in your contract.

- historical utility prices can be accessed on Ontario Energy Board website, www.oeb.gov.on.ca

PLEASE NOTE: Halton Hills Hydro does not come to your door asking to see your bill. We will only come to your door to get an inside meter reading or to inform you that your meter is being exchanged.

Halton Hills Hydro On-Line Customer Account Inquiry:

Halton Hills Hydro is pleased to offer its customers this convenient and quick way to access account history. It provides up-to-date account information for your metered services.

To register, all you require is your account number, your current bill date, and a valid e-mail address. You can find your account number on your statement.

Once you have your account number and current bill date, you can access the "Login" page on our website at www.haltonhillshydro.com. Simply key in your account number and bill date. Your PIN can be 3 to 10 characters long and can contain both letters and numbers. You will be required to enter a valid e-mail address. Once you have entered all of the requested information, press "SUBMIT". A thank you screen will appear and a confirmation e-mail will be sent to the e-mail address provided. You must click the link provided in your confirmation e-mail to complete the registration process.

Options for Buying Your Electricity:

You have the option of buying the electricity you use in one of three ways. This is where you, the consumer, can make a choice.

One way is through the **Regulated Price Plan**, where you are charged a regulated price per kilowatt hour (kWh) by your utility for the electricity that you use. Another way is through an **electricity retailer**, where you pay the price per kWh as agreed upon by you and the retailer in the contract you sign. A third way, only available if you have an interval meter, is through **spot market pricing**, where you pay actual wholesale market prices for electricity which change every hour.

Fact sheets on these options and other topics can be found on the OEB's website at www.oeb.gov.on.ca.

What is the RPP Settlement?

The RPP Settlement is a one-time charge or credit that will appear on your electricity bill if you leave the Regulated Price Plan under any of the four circumstances described below.

- *Signing a contract with an electricity retailer;*
- *Cancelling your account and moving outside of Ontario;*
- *Buying electricity through spot market pricing, in which you pay the actual wholesale market prices which change every hour of each day (this option is only available for a limited number of consumers who have an interval meter); or*
- *No longer remain eligible for the Regulated Price Plan as set out in Government regulation.*

The RPP Settlement exists to settle your outstanding Regulated Price Plan account with your local utility.

For more information on the RPP variance settlement and calculation please visit the Ontario Energy Board's website at www.oeb.gov.on.ca.
